Career Objective

Passionate Computer Science Engineering student at NIMS University, focused on building a strong technical foundation through hands-on learning and aiming to create innovative, impactful tech solutions.

Skills

Technical Skills:

– Python

Frameworks:

– HTML, CSS, ReactJS

Tools/Platform:

– Git, VS Code, MySQL

Soft Skills:

– Problem-Solving skill, Time Management, Effective Communication, Teamwork

Education

- Bachelor of Technology in Computer Science
NIMS University, Jaipur, Rajasthan
- Higher Secondary (12th)
Bhavan's NSCB Vidya Niketan, West Bengal

Work Experience

UptoSkills: Worked as an Intern

- Completed a three-month internship contributing to the *Uninterview App* (AI-based interview platform) and the *Pagati Project* (responsive company dashboard with interactive features).

Kaleidonex Technologies: Worked as an Intern

- Completed a four-week Python Development internship with hands-on projects and positive feedback.

Projects

To-Do List App

Developed a responsive To-Do List App using HTML, CSS and JavaScript. Implemented features such as task addition, deletion, and completion status.

Uinterview App

Contributed to developing an AI-based app to conduct online student interviews, enabling automated evaluation and smoother candidate experience.

Pragati Project

Contributed to the design and development of the company dashboard frontend, ensuring a responsive layout and improved user experience.
